**Note 1:** It's time to go to the races, and yes Four Corners Rod and Gun Club does have races " Team Drag Race" matches" that is. If you have a semi auto, legal hunting caliber rifle, a PCC, and a semi auto pistol, then this is for you, we will be using all in one match. To begin, two teams will be selected by drawing.

A member from each team will be provided three tables, 20 yards from three silhouette targets for each table. The tables will hold their guns, ammo and magazines. The targets will be shot in the following manor:

5-rounds in the body and 2-rounds in the head (which can be varied) on each of the three targets, from each table, contestants will quickly move to each table until all targets have been addressed. The first to finish the target areas will have up to eight rounds to hit the steel stop plate, at which point a timer will be activated to time the trailing contestant to the stop plate. Each team member, in turn, will shoot the match in exactly the same manor.

Each contestant will fire 21 rounds from each table making a total of 63-rounds plus up to 8 pistol rounds for the stop plate.

As stated this is a drag race and the point is: "reach the finish line before your opponent".

The first match will be held on the first Saturday in February, at the short range on the 50 yard area from 9:00am
